

# Fables, St. John's

I did my best tryin' to be a rollin' stone  
Just too good a time when I'm home  
It's time to lay my head' lay my head down  
So put me anywhere in St. John's town

## PRE-CHORUS

Where the Southside looks down, down, down  
Down on the town  
If ya hear me

## CHORUS

Light up the light, I'll ride out the night 'til I'm where the water's calm  
Pray for the weather, heave up the mainsail  
There's a good day comin' when you lay your head in St. John's  
(I' been away, been away too long' I' been away, been away too long)

I haves too good a time when I'm home  
Hey buddy, wha's ya at' wha's goin' on?
