

# Fabulous, Thim Slick (ft. Jeremih )

Sometimes I like slim, sometimes I like thick  
Sometime I combine and I like thim slick  
Thim slick, probably went over yo head  
Couldn't lay up, I just went over for head  
Made a change of plans when she bend over the bed  
And now she on the balcony, bent over the ledge  
Been a few days but I send over some bread  
It can get rough with tuition, you're in over yo head  
Not the same hoes would rescue anybody  
But a nigga know what stress do to the body  
And I done seen you in the best shoes but tonight ain't shit  
Be lookin like fresh shoes on Bugattis  
And I don't know who had invented high heels  
But I swear we all on one  
And if you do know that man girl  
How they like where you know him from?  
You so slick, so small curvy  
Teeth all pearly, hair all curly  
Was a Tomboy, now you all girly  
Never look tired but you wake up all early  
Hit the gym, keep it toned up  
Progress, pick hole and yo phone up  
Ah shit, waist getting smaller  
Niggas on Instagram, like damn I need to call her

That body perfect in my eyes  
No matter what they say, everything looking just fine  
You got that messin in disguise  
I wouldn't know it  
Dirty diamond  
Them slick girls get me every time  
(Dirty diamond)  
Them slick girls could get every dime  
(Dirty diamond)  
Them slick girls get me every time  
(Dirty diamond)  
Them slick girls could get every dime  
(Dirty diamond)

She like hold up, let me throw in something like  
Bitch really wearin through or something tight  
Came downstairs in the Superwoman tights  
Like dararara dararara  
Damn, I ain't known you was on it like that  
I ain't known brown skinned Kelly Rowland like that  
Never knew you had it with yo sneaky ass  
She said I never seen you lookin with yo peekin ass  
34, 24, 36  
Finally got a selfie after takin dirty pics  
36, 24, 40  
D cup caption, double cup Shawty  
And it's angles to this shit, angles to this shit  
Gotta hold the phone up and put the angle on the pics  
And then they poke it and put that angle on the hip  
Having thirsty come from every angle, let the bitch Lawd  
Heard when they thinner you get deeper in er  
They say when they thicker make you cum quicker

Them slick girls get me every time  
Them slick girls could get every dime

That ass in the gym, squad life  
Gotta show em love in the era of the shot life  
This is all for my mama, this is not knife

Niggas love her shit, give a fuck about lights

That body perfect in my eyes  
No matter what they say, everything looking just fine  
You got that messin in disguise  
I wouldn't know it  
Dirty diamond  
Them slick girls get me every time  
(Dirty diamond)  
Them slick girls could get every dime
