

# Face Down, Broken Song

Desires to live in the past  
To start all over again  
When nobody knows and nobody cares  
And no one is to blame  
A short distance from Heaven  
Even though I know it's not the same  
I think I must be crazy now  
Cause I have yet to go insane  
Can I ever let myself smile again  
Or will I only wind up feeling pain  
The ticking of the clock on the wall  
The only sound that remains  
It sounds like it's a time bomb  
Set to go off in my brain

I got a broken mind, here's my broken song  
Why can't I make this damn thing work right

How come I feel like nothing's ever right  
Why am I the one who's always wrong  
Do you really want to win this fight  
Or do you want to just beat me down  
Why do I in the morning even bother  
To open my eyes  
I guess my will is instinct strong  
Why do I lose everything I want  
When just to get it I had to wait so long

I'm all screwed up inside  
It's getting hard to make things clear  
I don't know what the hell is wrong with me

I got a broken mind, here's my broken song  
Why can't I make this damn thing work right  
Don't waste my time, leave me alone  
Used loneliness to write this song  
Broken mind, broken song  
Now I am broken
