

# Face To Face, Promises

What's the matter with my view?  
Is it something less  
Than you think it should be?  
What's the matter with the truth?  
Is there any of it left for us to see?  
That's not the way it is supposed to be  
That's not the meaning of equality  
I don't want promises  
I don't want condescending words  
From you  
You can do most anything  
As long as it's exactly how I say  
Opportunity is free  
Just make sure that  
You have enough to pay  
So go on turn and walk away  
I guess there's nothing left to say  
I won't make the same mistakes  
Can't have it any other way  
I see no honesty in promises you make  
We've been too tolerant  
And something has to change
