

# Faces Small, Get Yourself Together

I know that you miss him,  
I can tell by the way you kiss him,  
Get yourself together (get yourself together)  
And you'll be alright.

You say that you love him,  
But now he's gone so please forget him,  
Get yourself together (get yourself together)  
And you'll be alright.

I'm just like you, so take my lead,  
You see me as a friend,  
But I'm a friend in me.

Get yourself together (get yourself together)  
And you'll be alright.

So if you feel that you need me,  
I'll stand beside you, can't you see me?  
Get yourself together,  
And you'll be al - right.
