

# Faded Grey, Begin Again

You claim I was never there for you  
when you never even gave yourself a chance.  
You failed thanks to insecurities  
and placed the blame on me.  
Don't stack your problems on my back.  
I never said I was perfect  
now here we go down that same road once again.  
Wish I was something that I can't live up  
to when I end right where I began (with no friends).  
You expect me to offer an apology  
but I can't find the need to say I'm sorry.  
You forgave me for the mistakes I have made  
when you're still living in the past.  
We go through life walking on egg shells.  
I don't want to hurt you,  
and you don't want to hurt me.  
But Somewhere in this equation  
there has to be room for understanding.  
So much for being friends. Begin Again.  
I guess this is the end. Begin Again.
