

# Faderhead, Gritty Beats, No Relief

Stepping to the plate  
On a late night session again  
Got the decks all spinning  
And I'm playing just the creme de la creme  
See you moving on the floor  
At something like 3:30am  
Got that fire in your eyes  
As you move it like nobody else can

Sexy girls, gritty beats  
All night long - no relief  
Sexy girls, gritty beats  
Every night - no relief

Staring at your moves  
As you're staring back into my eyes  
Doing what you do  
With that sexy little devilish smile  
Pumping up the beats  
Just to see your body moving so wild  
Shake it up-down-all-around  
And baby keep on shaking with style
