

# Fady Maalouf, I Love To Sing With You Again

Oh yes I'd love to sing with you again  
Just one more time  
Just one simple rhyme  
I can not find a simple way to explain  
One day I'll sing with my father again

Stories from my childhood  
When everything was good  
I was singing with my parents  
To our family and friends

Oh I miss you most of all  
Get I get a final call  
Cos you were my parachute  
But now it's a free fall

Oh yes I'd love to sing with you again  
Just one more time  
Just one simple rhyme  
Oh yes I'd love to sing with you again  
Just one more chance  
One final dance  
I can not find a simple way to explain  
One day I'll sing with my father again

I know my wish is so vain  
That they see me at my show again  
Oh they would be so proud of me  
It's such a shame

Oh I need you so much here right now  
Can I get a final call?  
You were my parachute  
But now it's a free fall

Oh yes I'd love to sing with you again  
Just one more time  
Just one simple rhyme  
Oh yes I'd love to sing with you again  
Just one more chance  
One final dance  
I can not find a simple way to explain  
Oh I can not find a simple way to explain  
Why we won't sing together again  
One day I'll sing with my father again
