

# Fahrenheit, Two Souls One Heart

Still written in my mind,  
yet so hard to understand  
how love slipped away  
like water from our hands  
shall we bow our heads together  
and start all over again  
there's no need to say we're sorry  
embraced in silence we'll remain  
It's not easy to remember  
and it's harder to forget  
let's make it last forever

Two souls one heart tonight  
We'll never be the same  
in the heat of the night  
I will be by your side  
Let our fire burn  
just one more time girl

foolish pride  
kept me blinded for so long  
thought I could live  
without your touch  
Girl, I've never been so wrong...  
is it so hard to forget  
must I show what yo mean to me  
take my life, my soul, my heart,  
there worth nothing  
when we're apart  
(chorus)
