

# Faith Hill, Back To You

I'm Gonna find my way back to you..  
I lie in bed and watch the shadows dancing across the wall  
Nothing to do but think of you  
and count the tears that fall  
Oh how i wish it was real  
I wish i could feel you holding me close  
Only thing i know for sure is i should've never let you go.

\*chorus\*

I would walk the world  
across the seas  
journey beyond the moon  
i'd try anything  
go anywhere  
to find my way back to you..  
I still don't understand the reason  
I think i was just afraid  
(what can i say)  
All i can do is face the truth and deal with the mess  
That I've made  
All i want is the chance  
to take it back  
and go like this  
because ever since we said good bye  
i've been lost in loneliness

\*repeat chorus\*

Now baby i was wrong now that you're gone  
the only thing left to do  
is spend every day try every way  
to find my way back to you  
I know that i was a fool to push you away  
and if you let me back in your life  
then baby i swear on my heart in your arms i will stay

\*repeat chorus\*

I'm gonna find my way back to you..
