

# Faith No More, The Last To Know

Where it grows on trees  
But never blooms  
Where it hurts the least for whoever  
Saw it first

First to go and the last to know

Last longer than a lifetime  
Takes the least amount of effort  
Feels better than a bargain  
Just to know it's there

Can't you see  
There's always one me  
And that me is me

I know where but I cannot share  
You'll call me - I'll stand in line till then  
I'll be waiting

Can't you see  
All circuits are busy  
Please try back again
