## Faith No More, The Perfect Crime

Girl listens to mom So she lights a match and pretends to sleep While everything burns

Man drives nowhere So he pressed the pedal, hit a few dogs And felt good

Boy hears teacher's words So he closed his eyes and stepped in front Of a train Woo!

Woops! Sorry 'bout that It's just an accident

Revenge Nobody forgets Chop it into bits

The bitterness is hard to hide It smells like homicide Just nod and say it's O.K.

I can hear your voice echo O.K. I lied-it's really the voice Of the guy who kicked your head in

Look in the mirror It seems you're drinking, miniature And soon enough your gone

Woops! Sorry 'bout that It's just an accident

Revenge Nobody forgets Chop it into bits

The bitterness is hard to hide It smells like homicide Just nod and say it's O.K.

No one saw the perfect crime I can't wait for the next time

The bitterness is hard to hide It smells like homicide Just nod and say it's O.K.

You try to make the moment Last you sold it right in half You die and have a nice day

Woops! Sorry 'bout that It's just an accident
