Faith No More, Ugly In The Morning

You did one thing wrong You woke up. You look better before More - more

And the stomach turns...
Say nothing without wasting a work I know exactly what you meant

I know how piggy feels He starves without missing a meal Look in the mirror...

Don't look at me-I'm ugly in the morning

When the headaches gone The sun is not. Forgot to turn the alarm On - on

Doesn't matter how much you think Or the number of hairs in the sink I did it to myself again

I know how piggy feels He starves without missing a meal It's getting clearer

Don't look at me-I'm ugly in the morning
