

Faithbomb, Carry Me To Heaven

I disappoint myself when I'm disappointing you
my sin won't seem to wash away yet I seek the truth
the saving grace that I see just can't apply to me
Jesus gave his life for me from sin I am set free

I wonder if you'll carry me to heaven up above
I am so very lonely as I travel down this road
I wonder if you'll carry me to heaven up above
I just can't seem to make it on my own

Jesus stopping by to see if I'm alive
my house is not so ready yet so please see where I hide
carry me oh Jesus the mile that I can't go
pour your love all over me oh so I may know

I wonder if you'll carry me to heaven up above
I am so very lonely as I travel down this road
I wonder if you'll carry me to heaven up above
I just can't seem to make it on my own
