

# Faithbomb, Escape

where am I lost my way  
ask a favor of my faith

break me out of this cage of confusion  
break me out of this cage of sin  
set me free from this road to death  
show me the way of escape you give

are you maker are you king  
am I teaching empty things

break me out of this cage of confusion  
break me out of this cage of sin  
set me free from this road to death  
show me the way of escape you give
