

# Faktion, Liquid Personality

Two more and Im on my way to my liquid personality  
Ill turn into a clown  
No one can bring me down  
Who wants to get liquefied  
Scream, lets get unified  
Let loose, we are justified  
Now, its time to unwind

Chorus:

Hey look its my liquid personality  
I just cant control myself  
My inhibitions have all gone sailing  
So, lets have another round

Ive had a few and its safe to say  
that Ive finally breeched reality  
Im 10 feet off the ground  
No one can bring me down  
Who wants to get liquefied  
Scream, lets get unified  
Let loose, we are justified  
Now, its time to unwind

Repeat Chorus

Were lying down though were spinning around  
This feeling is out of control  
Lets get up cause were liquefied  
Its ok were unified  
We need to have just one more round

Repeat Chorus
