

Faktion, Liquid Personality

Two more and Im on my way to my liquid personality
Ill turn into a clown
No one can bring me down
Who wants to get liquefied
Scream, lets get unified
Let loose, we are justified
Now, its time to unwind

Chorus:
Hey look its my liquid personality
I just cant control myself
My inhibitions have all gone sailing
So, lets have another round

Ive had a few and its safe to say
that Ive finally breeched reality
Im 10 feet off the ground
No one can bring me down
Who wants to get liquefied
Scream, lets get unified
Let loose, we are justified
Now, its time to unwind

Repeat Chorus

Were lying down though were spinning around
This feeling is out of control
Lets get up cause were liquefied
Its ok were unified
We need to have just one more round

Repeat Chorus
