Falco, Untouchable

She's not just another pretty face in a magazine This girl is real - She's every schoolboy's dream

She fills my fantasies, my eyes and my ears But every time I try to touch her - She dissappears

Oh oh oh oh oh She's untouchable Oh oh oh oh oh untouchable delight Oh oh oh oh oh She's untouchable Oh oh oh oh oh She's outta- sight In my mind I'm always with her - moans and sighs I touch her full red lips - her silken thighs

We meet in the city, she begs: "Please take me home" But when I wake up in a cold sweat, I'm all alone
