Fallacy, Black Tears

(J. Hall/K. Holz)
Sleeping in the night it hears a sound
It gets up to take a look around
It finds there's no one there
It falls into a Black tears nightmare
Darkness surrounding, hells breaking loose
Tries to get out but its no use
Faster and faster it starts to turn
Better slow down or it will burn
Schizophrenia passes into the mind
Thinking that it will painfully die
Clasping and grasping for a breath
It learns that it is near death
(Chorus)
