

# Falling In Reverse, The Drug In Me Is Reimagined

I heard a knock upon my door the other day  
I opened it to find death staring in my face  
The feel of mortal stalking still reverberates  
Everywhere I go I drag the coffin just in case

My body's tremblin' sends shivers down my spine  
Adrenaline kicks in, shifts into overdrive,  
Your secrets keep you sick, your lies keep you alive  
Snake eyes every single time, you roll with crooked dice

I felt the darkness as it tried to pull me down  
The kind of dark that haunts a hundred year old house  
I wrestle with my thoughts, I shook the hand of doubt  
Running from my past, I'm praying feet don't fail me now

I've lost my goddamn mind  
It happens all the time  
I can't believe I'm actually  
Meant to be here  
Trying to consume  
The drug in me is you  
And I'm so high on misery  
Can't you see

I got these questions always running through my head  
So many things that I would like to understand  
If we are born to die and we all die to live  
Then what's the point of living life if it just contradicts?

I felt the darkness as it tried to pull me down  
The kind of dark that haunts a hundred year old house  
I wrestle with my thoughts I shook the hand of doubt  
Running from my past I'm praying feet don't fail me now

I've lost my goddamn mind  
It happens all the time  
I can't believe I'm actually  
Meant to be here  
Trying to consume  
The drug in me is you  
And I'm so high on misery  
Can't you see

I've lost  
Myself  
You tried to reach me but you just can't help me  
So long  
Goodbye  
You tried to save me, it won't work this time

'Cause now

I've lost my fucking mind  
And there's no fucking time  
I can't believe I'm actually  
Meant to be here  
Trying to consume  
The drug in me is you  
And I'm so high on misery  
Can't you see  
Oh can't you see  
Can't you see
