## Falling Up, Meridians

Kiss your dreams goodbye now The breaking of your dawn You feel it in the fallout You're fading now you're gone

It's time to say goodbyes It's time to light your fears It's time to wake your heart It's time to say goodbyes It's time to light your fears It's time to open up

Strange and out of love now The wind is blowing hard The brilliance is the callout The silence in your heart

It's time to say goodbyes
It's time to light your fears
It's time to wake your heart
It's time to say goodbyes
It's time to light your fears
It's time to open up

Goodbye, goodbye

Call out
Are you listening?
Break out
Are you listening?

It's time to say goodbyes It's time to light your fears It's time to wake your heart It's time to say goodbyes It's time to light your fears It's time to open up

[2x] Goodbye, goodbye

[4x] Goodbye, it's time to say goodbyes
