

Falling Up, Moonlit (Neon Predator)

Yo, my name be
This be the remix of some really fresh guys
Called Falling Up
So click that track, Soul Glo Activatur

So this is real, the window sill
It cannot heal
All the secrets are here now
All I've known, my cover's blown
The age is shown
You know that they all fake the hope
Neon lights, the fade of night
The fear of heights
The complex and effects start
Breaking tide to beach so white
And early light
And the water only from His side
All alone
There's whispers of defenses gone

This is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go now
This is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go now
Let go now

And so it's made
The frozen shade has turned my gaze
The effect is in motion
Strength is gone
The breath is on, the last is drawn
You know that it will soon be gone
Still I wait, it's too late, complicate
And all time is just frozen
I see through
Was never you, and what you said
The hope is where His hand has bled
All alone
There's whispers of defenses gone
All alone
There's whispers of defenses gone

This is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go now
This is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go now
Let go now

I gotta let go, gotta let go
I gotta let go, gotta let go
Let go now
Picture yourself in the deep unknown
A place unfamiliar that we don't really know
It's bigger than you, it's bigger than me
Freefall to the world and see
It's something serious

Kind of like love, it's dangerous
So when you dive in the flow
Your breath isn't close to control
You gotta let go

This is the way, this is the motion
Let go now
This is the threat, this is the ocean
Let go now
This is the way, this is the motion (The motion)
Let go now
This is the threat, this is the ocean (The ocean)
Let go now
This is the way, this is the motion (The motion)
This is the way, this is the motion
This is the threat, this is the ocean (The ocean)
This is the threat, this is the ocean
This is the way, this is the motion (The motion)
This is the way, this is the motion
The ocean
Let go now
Let go now
