Fame Factory, Easy Come Easy Go-Jessica Mart

Take, take me tonight
Let me be the one
To spend my love on you
Through cold and lonely nights
What can I do
Honey when you turn me on
Keep me hanging on
Won't you tell me
Who you've been thinking of

Chorus
Baby baby when you hold me close
(I'll tell you, tell you that you need me so)
Do it do darling don't say no
(I want you back don't you let me go)
Loving me isn't undone that easily
Easy come easy go take me back
I'm running back, back, back to you

Look at me now
I have nothing to hide
It's you no one at all
I'm lost without your love
what can I do
Honey when you turn me on
Keep me hanging on
Won't you tell me
who you've been thinking of

Chorus
Baby baby when you hold me close
(I'll tell you tell you that you need me so)
Do it do darling don't say no
(I want you back don't you let me go)
Loving me isn't undone that easily
Easy come easy go take me back
I'm running back, back, back to you

I want, want you to be
Be so close to me
Everytime you're near
Won't you tell me
Who you'be been thinking of

Chorus
Baby baby when you hold me close
(I'll tell you tell you that you need me so)
Do it, do it darling don't say no
(I want you back don't you let me go)
Loving me isn't undone that easily

I'm running back, back, back to you

Baby baby when you hold me close
(I'll tell you tell you that you need me so)
Do it, do it darling don't say no
