

Fame Factory, Hot - Ida Hedberg

(I want it hot, hot)
(Hot, hot)

I woke up my heart was torn
Ask for a founder
I got a storm
And ever since, you came around
Was been lost
Now has been found
No more elusions
It's time to make it right
You got more than I ask for
I can't wait until tonight

REF:

I want it hot, hot
A hunger in me
Oh, hot, hot
You turn up the heat
Babe, you're all I want
With sugar on top
Oh, hot, hot
So don't stop

It took some time to figure out
A change of hearts
Without a doubt
And ever since, my wish came true
I wanna waste my love on you
No more confusion
It's time to make it right
You got more than I wish for
I can't wait until tonight

REF:

(I want it hot, hot)
A hunger in me
(Hot, hot)
You turn up the heat
(I want it hot, hot)
I say a hunger in me
(Hot, hot)
You turn... you turn up the heat
Haaa...

No more elusions
No more confusion
(I take you till the top)
(Never stop)
(Give you all I got)
I can't wait until
(Tonight), tonight, (tonight), tonight...

REF:

(to the end)
