

# Fame Factory, I Wish I Was An Angel - Martin Olsen

Sailing down this life alone  
Trying hard to find your home  
Well, some they say, you've got it made  
And some they say, you're not that strong  
So take your time and think a lot  
Cause you don't know what you have got  
No one's there beside you when you cry

(Chorus)  
Wish I was an angel passing by  
A dream maker at night  
Wish I was an angel in your life  
Carry you through

You have been so many times  
Not as wise and just quite blind  
Well some they say, you've got it made  
And some they say, you're not that kind  
So take your time and think a lot  
Cause you don't know what you have got  
No one's there beside you when you cry

(Chorus)  
Wish I was an angel passing by  
A dream maker at night  
Wish I was an angel in your life  
Carry you through

Well, stars may comfort you  
But they'll know what you can do  
And love will see you through  
And find a way to what is you

(Chorus)  
Wish I was an angel passing by  
A dream maker at night  
Wish I was an angel in your life  
Carry you through

To what is you
