

# Fame Factory, If I Only Get Up

-Verse-

You seem so hard to get, girl do I have a chance,  
my friends keep tellin' me, forget her, your not her type of man

But I wanna hear you say it, if I am in the blue,  
hope that my friends are lying, oh baby, I may not be that cool,

-Bridge-

but you see, there's alot inside of me, want you close oh babey,  
you're the only fantasy of my heart

-Chorus-

I will do it all, oo my baby, I will take it all yeah for your love,  
every brooze, every scrub, I will bleed to get your love,  
I will do it all, yeah I will take the fall, if I only get up

-Verse-

Oh yes you are a diva, but you have all the rights,  
there's no-one else like you, ya amaze me, you spin my world around

I wanna know you deepa', I'll digg into yours soul,  
if you just let me closer, oh baby, I feel so much for you,

-Bridge-

'cuz you see, when you're walking down the street,  
every boy, every man, stops and stairs, but you don't care,  
not at all

-Chorus-
