

Fame Factory, Sooner Or Later

SOONER OR LATER

seems the day I met you
you bin runing around on my mind
And some day I catch you
Cause this feeling is so hard to find
I can't breath without you
you comeplete my heart and soul
In your heart is I'm hole

REF: Sooner or later
I gonna make you see that you can't
be without me
Sooner or later you think
about me all the time
Just like I think of you
Some day soon

so you are right here with me
Is like nothing I never know
As I watch you sleeping
Am hust know I'm never alone
can you breath without me
are I'm in your heart and soul
Cause my heart gonna make you hole

REF: Sooner or later
I gonna make you see that you can't
be without me
Sooner or later you think
about me all the time
Just like I think of you
Some day soon

gonna make you see that soon
gonna make you see thet
I can't breath without you
you comeplete my heart and soul
In your heart is I'm hole

REF: Sooner or later
I gonna make you see that you can't
be without me
Sooner or later you think
about me all the time
Just like I think of you
Some day soon

REF: Sooner or later
I gonna make you see that you can't
be without me
Sooner or later you think
about me all the time
Just like I think of you
Some day soon

Some day soon
Some day soon
