

Fame Factory, Sooner Or Later - Anders Johansson

Since the day I met you
You've been running round in my mind
And some day I'll get you
Cause this feeling is so hard to find

I can't breath without you
You complete my heart and soul
In your heartbeat I am home

(Chorus)
Sooner or later
I'm gonna make you see that you can't be without me
Sooner of later
You think about me all the time, just like I think of you
Some day soon

So you're right here with me
It's like nothing that I ever known
As I watch you sleeping
I just know that I'm never alone

Can you breath without me?
Am I in your heart and soul?
Does my heartbeat make you home?

(Chorus)
Sooner or later
I'm gonna make you see that you can't be without me
Sooner of later
You think about me all the time, just like I think of you
Some day soon
Gonna make you see that, soon
Gonna make you see that

I can't breath without you
You complete my heart and soul
In your heartbeat I am home

(Chorus)
(Repeat)
