

Fame Factory, Still The One-Elin Hedberg

Looks like we made it
Look how far we've come my baby
The might've took the long way
We knew we get there some day

They said, I'll bet
They'll never make it
But just look at us holding on
We're still together still going strong

You're still the one I run to
The one that I belong to
Still the one I want for life
You're still the one that I love
The only one I dream of
You still the one still the one I kiss goodnight

Ain't nothing better
We be the odds together
But we didn't listen
Look what we want be missing

They said, I bet
They'll never make it
But just look at us holding on
We're still together still going strong

You're still the one I run to
The one that I belong to
Still the one I want for life
You're still the one that I love
The only one I dream of
You still the one still the one I kiss goodnight

You're still the one I run to
The one that I belong to
Still the one I want for life
You're still the one that I love
The only one I dream of
You still the one still the one I kiss goodnight
