

Family Guy, Give Up The Toad

You'll get chills all through your body,
And you'll lose all control of your bladder and your sphincter,
That's your butthole.

'Cause if you use toad, then I'm tellin' you,
You can kiss your life goodbye.
Yeah, when you use toad, it'll mess you up,
It'll make your mama cry, that's no lie,
You'll choke on your tongue and die...

Gotta give it up! (Gotta give up the toad now.)
It's no joke, buddy, give it up. (You gotta give up the toad now.)
Or you'll croak, buddy, give it up. (Gotta give up the toad now.)
And don't smoke, or you'll see it hurts to pee.

There'll be blood gushing from you everytime that you cough,
And forget getting lucky -- it falls off.

So you better wise up, cause I'm tellin' you,
Toad is one Lando forbids.
Gotta give it all up, or you're gonna see your whole life will hit the skids,
And your kids will be born without eyelids...

Gotta give it up... (Give up the toad now, thanks to you.)
Just give it up... (Give up the toad now, thanks to you.)
Give it up... (Give up the toad now.)

I'm no fool, Lando's cool...
Yeah!
