

# Family Guy, My Fat Baby

"Warm out today... warm yesterday. Even warmer today."

Met her on my CB, said her name was Mimi,  
Sounded like an angel come to Earth. (Come to Earth...)

When I went to meet her, man, you should've seen her,  
Twice as tall as me, three times the girth (Times the girth...)

Oh, my fat baby loves to eat. (Loves to eat...)  
A big ol' buddha-belly, and her breasts swing past her feet. (Feet!)  
My fat baby loves to eat... my big old fat-ass baby loves to eat!

"I got blisters on me fingers!"
