

Fang, Destory The Handicapped

Don't like those wheelchairs
Wanna push 'em down the stairs
They get in my way
They make the goverment pay
They run into me
They drool all over me
They don't know how to pee
God help me
Blind people can't see they bump into me
Deaf people can't hear, they have defective ears
Line em up against the wall
Thow a grenade watch em fall
They are so fuckin' lame
They're scared to run away
