

# Fantastic Negrito, Undefeated Eyes (feat. Sting)

I know I let you down and I feel ashamed  
I know it's never gonna be the same  
I went out on my own I drifted away  
I know it's never gonna be the same  
I don't really wanna go  
Do you really wanna know everything?  
I know it's never gonna be the same  
It's never gonna be the same  
It's never gonna be the same

I don't know you  
I can't live with you  
I can't stand it  
When you're coming down on me  
Talking crazy like your volcanoes active  
Looks like it's ready to blow I know  
It's toxic beautiful radioactive

There's no need to worry cause  
I've said everything  
Now I feel like we gotta keep moving on strong

I know I let you down now I feel ashamed  
I know it's never gonna be the same  
I went out on my own I drifted away  
I know it's never gonna be the same  
I don't really wanna go  
Do you really wanna know everything?  
I know it's never gonna be the same  
It's never gonna be the same  
It's never gonna be the same

Now the moral of the story  
Is we're all flesh and bones  
I was trying eat steak with a full plate  
But My eyes couldn't leave it alone  
I stepped out on my woman  
I found out real fast  
I should've payed that fine  
If you need to know  
It would've kept me an honest man

There's no need to worry  
'Cause I've said everything  
Now I feel like we gotta keep moving on strong

I know I let you down now I feel ashamed  
I know it's never gonna be the same  
I went out on my own I drifted away  
I know it's never gonna be the same  
I don't really wanna go  
Do you really wanna know everything?  
I know it's never gonna be the same  
It's never gonna be the same  
It's never gonna be the same
