

# Far From Heroes, Start The Circus

Don't understand these things  
They get so complicated  
They're gonna take us down  
Make me feel so out rated  
I've got to take control  
So I don't end up wasted  
I'd like to stick around  
Don't like to be mistaken

(Chorus)

Draw the curtains  
Lights are dimmed  
The show is starting  
Start the circus  
Cause I'm the freak  
They've come to see  
Draw the curtains  
Lights are dimmed  
The show is starting  
Start the circus  
Cause I'm the freak  
They've come to see me

Please can't u tell me now  
Been here for too long waiting  
Please don't apologize  
Say to my face what you've been saying  
Why can't u answer me  
When I ask u these questions  
But you can't  
No you won't  
Cause you don't  
Take suggestions

Draw the curtains  
Lights are dimmed  
The show is starting  
Start the circus  
Cause I'm the freak  
They've come to see  
Draw the curtains  
Lights are dimmed  
The show is starting  
Start the circus  
Cause I'm the freak  
They've come to see me  
you can't u won't no cause  
you don't take suggestions

(Chorus)

Draw the curtains  
Lights are dimmed  
The show is starting  
Start the circus  
Cause I'm the freak  
They've come to see  
Draw the curtains  
Lights are dimmed  
The show is starting  
Start the circus  
Cause I'm the freak  
They've come to see me

I'm coming clean  
From broken dreams  
When all my dreams  
Tear at the seams  
They break apart  
And its breaks my heart

I'm coming clean  
From broken dreams  
When all my dreams  
Tear at the seams  
They break apart  
And it breaks my (heart)

(Chorus)

Draw the curtains  
Lights are dimmed  
The show is starting  
Start the circus  
Cause I'm the freak  
They've come to see  
Draw the curtains  
Lights are dimmed  
The show is starting  
Start the circus  
Cause I'm the freak  
They've come to see me
