

# Far-less, Forever And A Day

You wait forever and a day for me  
You hate forever is just too far away  
We love like a bad dream  
And you'll never save me

Sometimes life isn't easy, my love

Times are trying  
People only want to feel good  
Indulging in anything is easy confidence  
Yeah, I know I'm not invincible  
Oh well, maybe I'll know myself soon
