

# Farbrausch, The Popular Demo

Tonight tonight, it's all in motion,  
Can't feel the gravity.  
Tonight tonight, what is this potion  
That makes a fool of me?  
Tonight tonight, I'm seeing stars -  
I'm blind with love.  
Tonight tonight, we're Venus and Mars  
Winking from above.

Tonight tonight, I feel like moving;  
Like flying endlessly.  
Tonight tonight, the city's grooving -  
They're dancing all for me.  
Tonight tonight, the perfect night,  
The only one.  
Tonight tonight, I'm holding you tight;  
Tomorrow you will be gone...
