

# Farewell, Start It Up

If you wanted to, you could just settle down  
But you'd rather just waste away  
Button up, shut up, and turn your life around  
What would it take to get this started?  
If you wanted to, you could just settle down  
But you'd rather just waste away  
Button up, shut up, and turn your life around  
What will it take to get this started?
