

Farm, Higher And Higher

Hey you don't wanna know
Hey you made me feel low
Today
You said I had to go away
I had to go go go go go

I didn't know what went wrong
I didn't wanna sing you a song
I didn't wanna sing you a song
I didn't wanna sing you a love song

'Cause you take, you take me higher
Oh, oh, higher and higher
'Cause you take, you take me higher
Oh, oh, higher and higher

Hey you didn't wanna know
Hey you made me feel low
Today
You said I had to go away
I had to go go go go go

'Cause you take, you take me higher
Oh, oh, higher and higher
'Cause you take, you take me higher
Oh, oh, higher and higher

'Cause you take, you take me higher
Oh, oh, higher and higher
'Cause you take, you take me higher
Oh, oh, higher and higher

Repeat
