

Farmer's Boys, Phew Wow!

You say you've lost your girl
It's not the end of the world
Your friends can pull you through
Go out and find a few

Don't worry, just forget her
In time you'll feel much better
We boys should help each other
Good times are just around the corner

You know that's what friends are for
Right now that's what friends are for
Phew wow, who could ask for more
What else could friends be for

You say you love that girl
She drives you round the bend
Just take a tip from us
You'll soon be on the mend

Don't worry stop thinking
Let's go and do some drinking
We're here to lend a shoulder
Next time you see her you'll feel much bolder

You know that's what friends are for
Right now that's what friends are for
Phew wow, who could ask for more
What else could friends be for

Don't worry just forget her
In time you'll feel much better
Don't worry just forget her
In time you'll feel much better
Don't worry just forget her
In time you'll feel much better
You know you'll soon be feeling better...

You've got nowhere to go
Don't sit there all alone
I know what we can do
Go out and hoist a few

Don't worry just forget her
Let's do the things that matter
We boys should stick together
And when you see her next time you'll tell her

You know that's what friends are for
Right now that's what friends are for
Phew wow, who could ask for more
You know that's what friends are for
Good times, that's what friends are for
Right now that's what friends are for
We're here who could ask for more?
What else could friends be for?
