

Faron Dawe, Living Life

They all say its better to walk in light
They all say you're on your own
They all say that failure is not worth the fight
They all say that.

But I say'
Ye-ah, There's no way that I'm slowing down
Cause I'm living life.
Ye-ah, there's a chance that I still could drown
But I'm not thinking twice.

I'm Living Life.

You always say there's too much road to run
You always say just stay home
You always say it's easier said than done
You always say that.

I'll tell you who's living
Not the likes of you
You live in your safe haven,
Not a thing to do.

But I say'
Ye-ah, There's no way that I'm slowing down
Cause I'm living life
Ye-ah, there's a chance that I still could drown
But I'm not thinking twice.

I'm Living Life.
