

Faron Dawe, Your Friends & Mine (Christmas)

Lights brightly shining
Glitter and gold
Gifts fixed with wrapping
Ribbons and bows

Seeing the people
You never see
And telling stories around the tree

Lets spend Christmas
With your friends and mine.

Logs on the fire
Kids in their beds
Can't get the morning
Out of their heads

Snow just stopped falling
Covered the ground
So glad to be here
With you all around

Lets spend Christmas
With your friends and mine.

They're having a party
Just next door
So let's take our guitars
And knock on their door

Lets spend Christmas
With your friends and mine.
