

Faron Young, That Over Thirty Look

THAT OVER 30 LOOK

That over thirty look sure looks good on you
You're as lovely as I always knew you'd be
That over thirty look sure looks good on you
I wish it looked just half that good on me

Chorus

The years have sure been kind
You should thank old father time
No one could guess your age unless they knew
I'm glad and that's a fact
That we can't turn that old clock back
Cause that Over Thirty Look
Looks good on you

Chorus

Just like vintage wine
You get better Girl, with time
So there's no need to worry like you do
Tell them all you're twenty nine
If you want to Girl that's fine
But That Over Thirty Look
Looks good on you
