

Fastball, Airstream

Airstream, big chrome airstream
Leave the world behind me
They won't find me in my airstream

Free, I don't wanna be stuck in the city
With the cars and people downtown
Waiting in a line
Wishing I was far away
Where no one knows my name

Ocean, big blue ocean
Rolling like a daydream
Down the highway in my airstream

Free, I don't wanna be stuck in the city
With the cars and people downtown
Waiting in a line
Wishing I was far away
Where no one knows my name
Or my address, it's a place I've never been
When it gets too familiar I'll be gone

Free, I don't wanna be stuck in the city
With the cars and people downtown
Waiting in a line
Wishing I was far away
Where no one knows my name
Or my address, it's a place I've never been
When it gets too familiar I'll be gone
When it gets too familiar I'll be gone
When it gets too familiar I'll be gone
