

# Fastball, Charlie Methodone Man

Living to get his freak on  
Sporting his leopard skin thong  
Charlie the methadone man  
Plays sunday nights in a rock and roll band  
Charlie the metronome, the methadone man

Patience - the name of the game  
Waiting on dr. kinkaid  
Charlie the methadone man  
Fills out the papers just as fast as he can  
Charlie the methadone, the methadone man

When you're all alone  
And you got nowhere to go  
Better take it slow  
Oh you get so tired of where you are  
Kicking his lonley lit brain  
Drinking to try and stay sane  
Charlie the methadone man  
Chases his tail just as fast as he can  
Charlie the methadone, the methadone man

Charlie the methadone, methadone man  
Waiting.....
