

Fastball, Eater

Watch me, make you
Let me, take you
Farther down, I will penetrate you baby
Run you into the ground
I will make you hate you baby

I'm an eater
I'm an eater
I'm an eater

Your cheeks are red and rosy
I'll keep you safe and sound
I'll keep you warm and cozy
Fatten you up to wolf you down
Your cheeks are red and rosy
I'll keep you safe and sound
I'll keep you warm and cozy
Fatten you up to wolf you down

I'm an eater
I'm an eater
I'm an eater

And there's one thing that i know is true
I'll just make a meal of you
I'll leave the bones and hair to rot
I don't really care a lot
Farther down
I will penetrate you baby
Run you into the ground
I will make you hate you baby

I'm an eater
I'm an eater
I'm an eater
I'm an eater
I'm an eater
I'm an eater
I'm an eater
