

Fastball, Lender

Peel me off a fiver
That stack looks pretty thick
Money takes some time
To make me spend it all too quick
And I'll try to remember
That this is just a lender

'Till i'm on my feet, back in the car
I won't forget who my friends are
You were always there when I needed you
I can be there too

Loan me fifteen dollars
My wallet's getting thin
My rent is due and I know
That you have recently come in
To a large amount of money
Hey man can you make that twenty?

'Till i'm on my feet
Back in the car
I won't forget who my friends are
You were always there when I needed you
I can be there too

Hey haven't you heard
Didn't you know?
I cleaned up six weeks ago
I'm on the straight and narrow track
And I can pay you back

'Till I'm on my feet, back in the car
I won't forget who my friends are
You were always there when I needed you
I can be there too

Oh hey, how ya doing, no I did not forget
I promised I would pay you back
But I ain't got it yet
And you dont' have to sweat it
I'll call you when I get it

When i'm on my feet, back in the car
I won't forget who my friends are
I'm on the straight and narrow track
I'll remember to pay you back
You were always there when I needed you
I can be there too
