

# Fastway, The Stranger

Looks like I've been here before  
But I don't remember places faces, just tell me that I've been  
Sing my song, every night  
But the answer lies between the line

Chorus:

Someone's knocking, on my door  
Is a stranger, who said that she had been here before  
But I never, never seen the look in such lies  
The cold, story That never cry

Look at her vision  
On the wall  
Tell me, where I am tomorrow  
Down and weary  
But I don't, I don't see clearly  
The shape, of things to come

Chorus

Well I've seen your face  
Smile, warm embrace  
Ah make you, make it tonight yeah  
Well it looks like I've been here before  
But I don't, I don't-I don't remember  
Hoo-uouuooooo

Solo

Chorus (with minor changes)
