[Fat Joe]

Hey yo it's total devastation, for any MC that poses
I paint the town red with clips and dum-dums and bloodshed
The Fat MC, from the B-X
Vicious like a T-Rex, who slips into a three-X
Rappers fuck up, and end up, in the obituary
Don't know the meaning of real, check the dictionary
I got no time for conversation
Makin MC's run for the border like the immigration
A Puerto Rican villain who be dealin and illin for nothin
You ain't a playa, you just BLUFFIN
Point blank, we can even do this with gats and shanks
It's your selection
I can become President, without elections
I got mad connections, Fat Joe, the rap wizard
Brainstorms come in swarms, get lost in the blizzard
Word to mother I take your life
Sodomize your daughter, and make a widow out your wife
It's the relentless, nobody can check this
Fat Joe, you know The Yung and Resless respect this
.. to all the fake MC's

[Raekwon the Chef]

Listen here suckers, you don't wanna meet the chuckers
It's the same motherfucker who said fuck the ruckus
Back in ninety-three, when everything was fine and dandy
I was the nigga puttin razors in your kids candy
Mad connivin, it don't get any worsen
Best reverse them thoughts DISPERSE
Even if you get loud and curse
you don't put any fear in my heart
Don't even start, you get torn apart
