

Fatal Flowers, A Real Good Life

here she comes, just a-lookin so good
and she knows just what to do
she cant be from this world, shes from my neighbourhood

she knows Ill be here very day
tied to this bed with a ball and chain
she cant be from this world, shes from another planet
yeah, well she dont loo too green to me

I got friends and family, I got a real good life
but when Im all alone
I can close my eyes and pretend shes mine

here she comes such a little tease
but she knows just how to please
and when she turns her head, I know Im only halfway dead
