

# Fatal Smile, No Love

1 man and 1 woman,  
they make a stand in the name of love  
2 hearts got it coming,  
a brand new start with blessings from above

Like in the garden of Adam and Eve,  
wish it wasn't so hard 2 believe  
When these days are passed in disguise,  
of paradise

There's No Love here anymore  
There's No Love here anymore

1 life 2gether,  
white lies in honesty  
2 souls 4ever,  
break the oath so naturally

Like in the garden of make-believe,  
in real life is hard 2 achieve  
When this world is made up with lies,  
from paradise

There's No Love here anymore  
There's No Love here anymore

When love has taken it's toll,  
there's more than heart and soul  
And then you will realize,  
that life ain't a stroll in paradise

There's No Love here anymore  
There's No Love here anymore  
There's No Love, No Love anymore  
There's No Love, No Love here
